Six Hundred Miners Added To Nevada County Payroll In Past Twelve Months

Thinking Out Loud

(By H. M. L.)

The California Crusaders have organized to "educate" the public against the Townsend plan. In order to justify their goal, this group apparently exaggerates the menace of the Townsendites. In a way the Townsend thousands have already achieved an end. By pointedly calling attention to the need of old age pensions they have secured Federal and State legislation, which grants not $200 per month, or any other impossible sum, but does grant all that the taxpayer can pay, and perhaps more. For old age pensions and unemployment insurance are just another burden on the top of the load already borne by the humble and industrious tax payers of the United States.

Sometimes we wonder whether there is much difference between the totalarian state, in so far as the people are concerned, and the state which runs up enormous tax burdens for the people to bear. Of course there is a difference. In the totalarian state, the individual does more than pay taxes. His every moment of living is directed by and for the state. Tax burdens in themselves severely restrict the liberties of the individual, in that he must spend more and more of his working hours for the state, but at the same time he retains a margin of time in which he may exercise his own initiative and express his own individuality. And at long last he is the arbiter of the amount of tax burden he will carry, which is not true of the Fascist, Nazi or Soviet subject. It would seem then that the difference between the tax driven free citizen of a democracy and the subject of an absolute dictator is one of degree. It is worth while, however, to point out that over taxation limits individual freedom just as surely, if not as severely, as does a dictatorship.

If the opposition to the New Deal administration, can find a leader who will present a sound plan for abating the waste and the futility of the present regime, and for liquidating over a period of years the enormous indebtedness which New Deal relief has incurred, we believe that Roosevelt will be defeated. As has been repeatedly pointed out, however, whoever undertakes the task of reconstruction will be in for such an outpouring of criticism and outright rebellion on the part of the hordes of government office holders, that his life will be four years of torment. "After us the deluge" might be an appropraite motto for the present administration. In event Roosevelt is defeated, the man who takes the steering wheel must drive a course between the rapacity of big business which is hungry after all the lean years, and the radical element of this country which is ever ready to foment violence.

At the moment, Borah, Hoover, Landon and Knox are being trotted back and forth in front of the grandstand as possible entries in the Republican race. None of them measures up to the required standard. It is probable that none of them will be nominated. Better risk another four years of Roosevelt than to put into the job any of these candidates. As a matter of fact they are being paraded probably in order to ascertain the grandstand's sentiment. When the Republican convention meets, the choice is likely to be a man whose virtues and faults are not so well known.

As for the Democrats, it seems to be a foregone conclusion, perhaps hasty, that Roosevelt will be unopposed in his own party. But supposing Al Smith should make up his mind to try again, Smith with his tried and proved business acumen. Would the conservative element of the Democratic party back him against the too liberal Roosevelt? It would seem probable, as against a weak Republican candidate, conservative elements of the Republican party would also support Smith. Off hand it might seem that the combined conservative element in all parties would not be strong enough to elect a president. Ordinary we think of big business only as conservative, but as a matter of fact too much liberalism has driven many a man and woman in the humblest stations of life into the conservative camp. We have had a taste of liberal government's national management, and the Literary Digest poll indicates a majority is opposed to it.

BIGELOW LEADS FIGHT ON PINE BEETLE INVASION

Mr. R. L. P. Bigelow, superintendent of the Tahoe National Forest, with headquarters in Nevada City, attended a committee meeting of the Sacramento Region Council in Sacramento Thursday afternoon. Mr. Bigelow is chairman of the council. A meeting of the Sacramento Valley Council of the California State Chamber of Commerce is to be held this afternoon in Hotel Senator.

The special meeting of the conservation committee will be in regard to taking steps to meet the threatened destruction of some 3,500,000 acres of commercial timber in Modoc and Lassen areas from the inroads of pine bark beetle. Although three years of intensive work and thousands of dollars have been consumed and several CCC camp crews and forestry specialists have been steadily employed, the beetles are spreading at an alarming rate.

There is to be a meeting of the Society of American Foresters in San Francisco Saturday and Mr. R. L. P. Bigelow will proceed from Sacramento. He will be joined by the following of his office staff, Messrs. Belknap C. Goldsmith, George Schrader, William P. Lee, Mr. Johnson of Bradley, CCC camp; Mr. B. J. Wilson, superintendent of Grass Valley CCC camp; and all the rangers of the Tahoe National forest.

NEVADA CITY FIRE BELL IS 60 YEARS OLD

The blue print for the two story city hall is on display in Nevada City and is creating much interest. While up in the belfry of firehouse on Broad street Thursday making measurements City Clerk George Calanan found that the large fire bell was cast in 1875. This bell cracked from use and it is undehstood the late H. Brand, local jeweler, donated the silver for repairing the break.

The fire house on upper Broad street has a colorful history. It was built and equipped through funds raised by the women of the city in the 60's. One ball they gave in the present court house netted $900 for the evening. Quite the most modern in that day, and a substantial building today, this firehouse is considered one of the main attractions of the city for its quaintness.

SECRET MINE

The Secret mine east of Washington owned and operated by Mr. Charles Smith and brother in law for several months, has closed for the winter. A small mill on the property treats ore mined from a good ledge where Mr. Smith has done considerable development work. The property will reopen in the spring.

IDAHO-MARYLAND MINES

The circular shaft now being bored about midway between the main Idaho-Maryland mine, shaft and the Brunswick mine, is down almost 1,000 feet. Mr. J. B. Newsom, inventor of Nevada City, is in charge of operations. A number of adjustments have been made and it is felt this new method of shaft sinking will be a success. A second runway has just been completed at the Loma Rica airport and a new hangar, just opposite the old one, is under construction. There are six airplanes on the airport at this time. Six men are employed in the regular crew about the port. Mr. Errol MacBoyle is general manager and vice-president of the company.

The big star on a tree in the G. J. Rector yard on Nevada street was lighted last night.

CHRISTMAS STREET LIGHTING COMMITTEE RENDERS ITS REPORT

Looking down Broad street from the top, near the Methodist church, the festoons of colored street lights give this city a gala appearance. Probably never before in its history has Broad street presented such a sparkling Yuletide color and brilliance.

The Chamber of Commerce committee, of which Fred E. Conner is chairman, and the members, Carrol Coughlan, Irving Long and Ernest Schreiber, are receiving many compliments on their work. The committee yesterday rendered the following report of receipts and expenditures.

RECEIPTS

The P. G. & E. contributed the power for the lights.

Seventy-six contributions by business men of Nevada City, $149.00.

EXPENDITURES

Chester Gradall, electrician. Paid 12, 19, 35. $30.00; Mercle Coulter, helper, 20 hours, at 40c, paid $8.00. Ellard Gates, helper, 14 hours at 40c paid $5.60. Ferris Goggans, labor donated.

Materials—Bolton's Variety Store $5.56. Alpha Stores, Ltd. $70.97. Alpha Stores, Ltd. 10 cents. paid.

Estimated cost for removing lights $8.00. Total $128.13. Estimated balance $20.87.

COMMITTEES ON GRAND JURY NAMED

The 1936 Grand Jury was organized in the court room of Judge Raglan Tuttle Wednesday. The court named Chester Scheemer, foreman, and after receiving their instructions the grand jury retired and elected Benjamin Hall, secretary, and J. J. Jackson, sergeant at arms. Foreman Scheemer appointed the following committees:

County Affairs: Fred R. Nettell, chairman; W. B. Crispin, Grace O. Robinson, Christian Bierwagen, W. W. Waggoner.

County Welfare: Mrs. H. B. Cox, chairman; Mrs. Gertrude Archibald, Mrs. Ethel Foote.

County Jail: Gomer D. Hopkins, John Bleber.

Public Morals and Law Enforcement: Jesse M. Sanford, chairman; O. E. Shebley.

County Hospital: John S. Corey, chairman; John D. Truscott, Thomas Knuckey, J. J. Jackson, E. H. Whitburn.

Court House building and grounds—W. W. Waggoner, chairman: H. B. Cox, John S. Corey.

Bounty Budget: John D. Truscott, chairman; Gomer Hopkins, J. J. Jackson, Gertrude Archibald.

REPAIRING PINE STREET

State highway crews placed a coating of tar and crushed rock on Pine street between Broad and Spring streets yesterday morning filling many low places and breaks. It will be a decided benefit as many persons have had their clothes splashed with muddy waters by cars while walking on the sidewalk in wet weather.

OUTDOOR CHRISTMAS TREES

Two beautiful living Christmas trees in the yard of Mrs. Clara Scarfe of Boulder street were decorated Wednesday afternoon and lighted that evening. A large brilliantly lighted star at the Plaza Garage is quite attractive. Other nicely decorated trees noted were those of Mr. and Mrs. Gomer Hopkins, Miss Alma Marsh and Mrs. Frank Ronda. Strings of colored lights on the Fred Sauvee porch are also a pretty sight.

Latest reports from the bedside of Mr. Vincent V. Foley, local business man, ill in a San Francisco hospital are that his condition is still unchanged. His mother, Mrs. Emma Foley has been in the city a week so as to be near her son.

SPECIAL XMAS SERVICE SUNDAY AT M. E. CHURCH

Mrs. C. C. Hemler of this city is giving her first of a series of musical programs at the Methodist church Sunday evening, December 22, at 7:30 o'clock. She is preparing to give one of these musical treats each month. The program follows:

Hymn—"It Came Upon the Midnight Clear."

Prayer—Rev. H. H. Buckner.

Solo—"Jerusalem," Mrs. Grace Cleland.

Duet—Mrs. C. C. Heemleer, R. H. Cochran: "Watchman Tell Us of the Night," and "It Was For Me."

Orchestra—Selected.

Baritone Solo—"God Hath Given a Son," R. H. Cochran.

Violin Solo, Selected—T. R. Caldwell.

Solo, "The Holy City"—Mrs. C. C. Hemler.

Hymn—"Silent Night."

Mrs. Hemler is a talented vocalist and is bringing together a group of singers and musicians of note, among them being Mr. T. R. Caldwell, violinist, and Mr. R. H. Cochran, vocalist, of Grass Valley, and Mrs. Grace Cleland of this city.

The public is cordially invited to attend these special services.

PLAZA MERCHANTS ERECT XMAS TREE

The business houses of the Plaza district erected a 23 foot Christmas tree in the center of the Plaza last evening. It has been the custom of these enterprising business men to secure and put up a big fir tree and decorate it with many lights and gay ornaments each year. The merchants interested in the tree this year are Fred Sauvee, Scheemer and Langman, Frank Davies and Sons, and A. Cartoscelli.

HIGH SCHOOL CHRISTMAS PLAY ENJOYED BY MANY

Delighted audiences watched both performances of "The Bird's Christmas Carol" presented yesterday afternoon and evening by the students of the Nevada City high school. Under the direction of Miss Nancy Jones, dramatic teacher at the local high school, the cast of fifteen students presented very beautifully the story around which the play was built.

Between the acts numbers were furnished by the orchestra under the direction of L. E. Sweeney and the high school choruses lead by Mrs. Libbey. Both groups presented musical numbers appropriate to the season.

Miss Jones in producing this play was assisted by Miss Tremaine and Miss Bartholomew in costuming, Mr. Hobbey in lighting and properties, and Miss Baggley in ticket sales. Several citizens of Nevada City assisted in costuming the members of the cast. The high school is thankful to all who cooperated in successfully bringing this play to the local theatre.

MISS ROXANNE BOGGS TO ENTER STANFORD

Miss Roxanne Boggs, daughter of Major and Mrs. Leroy Delaney, has received her credits and has been admitted to Stanford University. She will leave on January 2 for matriculation on the following day. Miss Boggs, in the two years spent in the Nevada City high school, attained high scholastic standing, her name appearing regularly in the list of scholastic federation and honor students.

2650 Now Employed Against 2002 In Jan.

With each month's review of mining emeployment in Nevada County this year, there has been registered a steady advance, never of startling proportions but always an substantial advance over the preceding month.

In the Nevada City Nugget's January review for instance the total number of men employed was 2,002 with a payroll of $280,280. Reports compiled for this issue of the Nugget show 2,650 men employed and a payroll of $372,000. In other words more than 600 men have been added to the number of men employed in this county, since January. It is doubtful whether a mining district in the United States can make as fine a showing as regards employment and average wages earned as can this county.

During the past month, 22 men have been laid off as the result of closing three small properties and 90 others have been added to the employed roll of larger properties. In the last few weeks several important mining transactions have taken place. The North-Star-Empire has taken a half interest in the Gold Tunnel, Arizona and California Consolidated, a mile long string of claims in the western part of the city. Exploration and development work on these claims is expected to start soon. Several mines in Willow Valley have been bonded to a group of capitalists, reported to be from Los Angeles.

A rich strike in the Stockton Hill mine in the general vicinity of the Dew Drop Inn on the Auburn-Grass Valley highway, is attracting wide attention for the reason that mineral claims in that vicinity have never been thoroughly prospected.

Following is the review and summary of mining operations in the county.

BULLION MINE

About 50 tons of ore per day is being mined and trucked to the Idaho-Maryland mine mill for reduction. Thirty five men are employed in reopening and dewatering the Alaska shaft on adjoining property on which the company holds an option.

PENNSYLVANIA MINE

About 25 men are employed in the Pennsylvania mine at Browns Valley, under Superintendent Ernest Cole of Nevada City. The ore is sorted and trucked to the Empire mine at Grass Valley for reduction, some of it carrying high values. It is rumored the company will continue mining and development through the winter and install a mill in the spring. The Newmont company is operating the property.

God Bless Us, Everyone

Christmas is with us again, and the blessed Christmas fairies are changing the hearts of us into bigger and warmer ones, painting sunny smiles upon our faces, and making us over generally. Until we're unlike our selves—entirely.

All through the old year we make a great deal of the little lines and barriers that keep us apart. Sure we're Hottentots or Vegetarians, Homeopathists, or Democrats—distinctive and separate one from the other, puffed up with pride of caste, and filled with strong contempt for the poor benighted souls astray in the murky darkness outside our own especial enclosure.

Then comes Christmas! The separating fences fall away; all our petty differences are forgotten, and for a time we are just human creatures standing side by side in "the temple dusk," awaiting with bated breath and hearts aglow, for the radiance of one brgiht star and the melodious sound of angelic voices chanting as of old.

"Peace on earth, good will to men."

Sometime the melody and the glory will come and never go, I'm thinking. Sometime the Christmas spirit will linger in the hearts and souls of men throughout all the Glad New Year.

Sometime the wee, dividing barriers will seem of small importance. Sometime a little child shall lead us and the prayer of every heart shall be, "God Bless Us Every One."

KNIGHTS OF DUNAMIS TO MEET AT FAIRMONT

A grand chapter meeting of the national Eagle Scout Association, the Knights of Dunamis, to be held at the Fairmont Hotel, San Francisco, December 27 to 29 will be attended by a goodly delegation from Tahoe Council. Each community will send at least one.

Twenty five Eagle Scouts of this council have signified their intention of attending to support the candidacy of Sam Partridge of Grass Valley for the office of national grand commander. He is now senior councilor. This is an honor to Sam and to the Tahoe Council and probably will not return to this area again for a long time because of the rapidly growing number of chapters.

Special reports will be discussed perpertaining to the development of Dunamis as part of the new national senior program and the part Dunamis plays in service to scouting. The delegates will be entertained and be shown the new bay bridges at close hand.

HELBACH MOTORS HILLS FLAT GRASS VALLEY

RANCH LAND IN NEV. CO. TOTALS 250,000 ACRES

Almost a quarter million acres of land were included in the 541 farms and ranches of Nevada County, California, in 1935 is shown in preliminary figures from the 1935 Federal Farm Census released yesterday by Director William L. Austin, Bureau of the Census, Department of Commerce. The farms and ranches averaged 416.2 acres in size and $7,368 in value.

Approximately 10,000 acres of land were in harvested crops or lay idle or fallow in 1934, while all but 8,000 acres of the remainder was used for grazing. About 17,000 acres of this grazing land was available for crops without additional preparation such as irrigating, clearing, draining, etc.

The principal field crop in the county, is of course, hay, with 4,754 acres cut in 1934, producing 6,486 tons. This is approximately the same as the hay crop of 1929. Other field crops were barley threshed from 210 acres with a production of 3,200 bushels, and wheat threshed from 56 acres with a production of 750 bushels. Irish potatoes were grown on 34 acres and produced 4,293 bushels.

Livestock in the county on January 1, 1935 consisted of 8,100 cattle, 10,507 sheep, 1,039 hogs, 639 horses and 24 mules. Cattle figures are about the same as on April 1, 1930, while hogs were lower.

The 1935 figures for this and similar releases for all counties and the state are preliminary and subject to revision.

INDEX REVEALS BIG NOV. GAIN, BANK REPORTS

Recording the largest comparative gain in its history, the Bank of America index of Far Western Business for November, standing at 73, reached the highest point since September of 1931, it was announced today.

The November 1935 index was 11.7 points, or 19.1 per cent, higher than the index figure for November of last year, the largest percentage increase of the monthly index figure over a corresponding month of any previous year since the index was begun in 1923.

The month of November of this year was the first month in four years to show a business gain over a corresponding month in the year 1931. The November, 1935, index figure was 3.7 per cent ahead of November, 1931; 23.1 per cent ahead of November 1932 and 17.6 per cent ahead of November 1933.

The November index this year also stood out above the showing of previous years in comparison with October. This year the index gained 5.8 per cent from October to November, as compared with a decline of 0.3 per cent of last year. In 1933 the index gained 2.5 per cent from October to November, and in the three previous years declines were recorded.

The 1935 November business index of Bank of America was 33.5 per cent above the depression low point reached in March of 1933. The index is based on weighted and seasonally adjusted carloadings, power production and bank debits of Far Western States.

Other factors which indicated outstanding business gains in the Far West during November were building and construction, which increased 96 per cent over November of 1934; and retail sales, with a 14.6 per cent gain over the corresponding month last year.

Employment in the manufacturing industries of California during November, showed a 7.8 per cent gain over the like month last year. Gains over corresponding months of 1934 in number of men and women employed have been registered every month since March, while gains in payrolls have been recorded for every month of the entire year.

THREE NEW PRECINCTS IN NEVADA COUNTY

The county board of supervisors met in adjourned session Tuesday. Besides routine business three new precincts were added to the 38 in the county, making a total of 41.

One new precinct was added in the Nevada City district and one to the Grass Valley district. Hills Flat was made into two precincts.

Christmas Eve Alliance Made Two Hearts Happier

THE wind howled dismally, and Oscar Huggins, looking out at the whirling snow, put up the shutters. Put them up right, too, as the little grocery would be closed tomorrow. Dimly, he wondered how to spend Christmas.

He checked over his stock, nibbled a bit of cheese, and opened the back door to throw out a rotting apple.

In the snow stood a boy. The lad dove for the apple, polishing and handling it as something precious.

"Here!" said Oscar roughly. "What are you doing?"

The boy looked startled. "I thought you threw it away," he answered, "and see, it's pretty good."

"Humph," said Oscar. "All right, keep it. But, mind, you've no business loitering here. You should be home in this weather, and on Christmas eve, of all times." The lad shifted uneasily but did not leave. "Well?" Oscar demanded.

"I was looking for work, sir."

Oscar looked at him sharply. "Out on your own, son?"

"Yes, sir."

"Where are your folks?"

His tale of bereavement, struggle and and loneliness was brief but impressive.

"How'd you like to spend Christmas with me?" the grocer offered. Funny, this life. A bit ago he had almost wished he wasn't closing tomorrow—now it seemed jolly.

"Gee!" exclaimed his new friend. "Swell!"

They packed a market basket to overflowing. But Oscar turned back. "Wait a minute." He selected his best candies and found a bit of red string.

"If I keep him to help in the store he'll probably eat it anyway," he consoled, "might as well show him a Merry Christmas."—Helen Gaisford.

WILLOW VALLEY MINES

Thomas F. Cole of Pasadena through J. M. Hoff and Charles Dow continue developing mining property under bond and lease in the Willow Valley district east of Nevada City. The road is being gravelled from the main highway to the property and it is understood Mr. Cole is to start work on the group shortly, or as soon as more equipment can be brought in. Reports are that Mr. Cole represents the Phelps-Dodge interests.

DAVIS FLAT GRAVEL PROPERTY

Bob Moscatelli, who owns and operates the Davis Flat gravel property northwest of Washington on Poorman's Creek, was a Nevada City visitor this week. He has drifted 300 feet, the tunnel being in gravel all the way. Satisfactory values are recovered. Mr Moscatelli has to take his supplies to the mine over a ladderway over the steep canyon of Poorman's Creek from the road leading to the Spanish mine.

To Whom It May Concern:

I suffered from blood and stomach trouble for years. I also had pains in my kidneys. I suffered so terrible that I could not do any work at all. Upon the advice of my friend, I decided to give Yee & Yee, the Chinese Herb Specialist, a trial. After taking his herbs for a few weeks, my troubles all disappeared, and I am feeling fine now.

If any one is sick, I highly recommend Yee & Yee, the leading Chinese Herb Specialist.

EARLY DAY VIOLINIST IS BORNE TO GRAVE

Mr. Louie Zimmer passed away Wednesday morning at the county hospital after an illness of several months. He was a man of culture and refinement and highly esteemed by those who knew him. Mr. Zimmer was born in Europe and came to the United States about 52 years ago, and was aged about 78 years. He at one time conducted an orchestra in Virginia City and moved to Nevada City from Reno, Nevada, about 35 years ago. Professor Zimmer, a talented musician and composer, earned his living in this city by teaching violin lessons. It is thought he has relatives in Reno, Nevada. A son survives but his whereabouts is unknown.

Burial took place Thursday afternoon in Pine Grove cemetery with Holmes Funeral Home in charge of arrangements. Rev. H. H. Buckner of the Methodist church conducted the services.

YELLOWJACKETS MEET DEFEAT

(By BEN SWEENEY)

Two overtime periods were necessary to determine the victor in the A basketball contest played between the Grass Valley Orioles and the Nevada City Yellowjackets Tuesday evening in Armory Hall.

With a few seconds remaining in the game, Perez of Nevada City dropped the ball through the basket to tie the Grass Valley quintet. The gun sounded, and after a brief interval, the teams entered into a five minute overtime period. The visitors chalked up a basket first and Lopez, Yellowjacket center, evened the score for the locals. Both teams fought furiously to sink the basket that would clinch the contest, but the period ended 30-30. A three-minute overtime was agreed upon, and the teams, completely worn out but still fighting, again took the floor. Fatigued and over-excited, the locals were unable to score while the visitors chalked up eight points before the period eended. The final score in favor of Grass Valley was 38-30.

The starting team was as follows: Wilde, rf; Elliott, lf; Lopez, c; Steger, rg; Santinelli, lg. An entire new team entered the game before the second half and included the following men: Doolittle, Budie, Perez, Joyal, and Stevens. High point man in this game for the locals was Elliott, who was responsible for fourteen points.

The Yellowjacket B team, playing heavier, taller, and more experienced men, dropped their contest to the tune of 29 to 13. Trailing at the end of the first half 10 to 4, the local boys were unable to overcome the lead held by the Oriole outfit. The starting team follows: Schiffner, rf; Bennett, lf; Mullis, c; Gates, rg; Clark, lg. Schiffner was high point man with six to his credit.

The local boys have a job on their hands to prove that a dope sheet can be wrong. Both of the Oriole teams were defeated by the Grass Valley high school teams, the Oriole A's losing by just one point. Using this set-up as a yard stick, it would appear that the Nevada City-Grass Valley high school games should prove very interesting this season.

Mr. Gus Orzalli, Jr., who received painful burns about his face in a carbide explosion on December 2 at a local mine and spent twelve days in Jones Memorial hospital in Grass Valley, was able to return to work Tuesday.

ROAD IMPROVEMENT FOR CAMPTONVILLE DIST.

CAMPTONVILLE, Dec. 17.—After a month of preparation, receiving of equipment, and other preliminaries characteristic to government procedure, Camptonville road WPA project No. 975 started operations this week.

The project embraces the improvement, graveling, clearing, widening, etc., on the various old county dirt roads in this section, and the amount of work will be divided proportionately upon them all. Considerable rock and gravel will be hauled. The project worked with ten men calls for a six month working period, the men working 30 hours per week.

JUSTICE OF PEACE HALTS WANTED DRIVER

phone call was received here Monday from the authorities at Downieville to apprehend a woman drving a new green Chevrolet car, who was wanted there for reckless driving. Constable John Jaynes was at Indian Valley executing a warrant, and none of his deputies were at hand, nor anyone else to act, so Judge Acton M. Cleveland acted as policeman, went down to the highway and when the green car came along, stopped the lady and placed her under arrest, brought her to town until the arrival of Traffic Officer Andrew J. Ponta, who took the case in hand, the violation having been committed in Sierra county.

It was alleged that the lady, Mrs. Francis Edwards, of Oakland, had driven recklessly, causing a car driven by Mr. Bennett of Downieville to go off the road and into the ditch.

CHRISTMAS SKIT AT HIGH SCHOOL

(By BEN SWEENEY)

Santa Claus, the bewhiskered gentleman in the red suit, will make his initial appearance this year at the Nevada City high school when the senior class presents its annual Christmas program this afternoon. Beneath the sparkling branches of the Christmas tree, furnished by the sophomore class and decorated by the juniors, Santa will entertain, not only entertain, the wide-eyed freshmen, but will spread good cheer to one and all.

Two skits have been arranged by the seniors, under the direction of Miss Esther Tremaine, class advisor. The first of these, "The Wrights Before Christmas" is a novel skit done in shadow pantomine work. The characters and the parts which they will play follow respectively: Marjorie Masterson, Mrs. Wright; Art Elliott, Mr. Wright; Bob Schiffner, Billy; Flossie Angove, Pollie; pantomine reader, Cecelia Woods.

The second skit, "The Borrowed Suitcasee," is a two-act "comedy of errors." The students taking part in this skit and the parts which they will play follow respectively: Betty Tefft, Peggy; Marion Mohr, Beth; Mervin Doolittle, Chubby; Walter Warnecke, Nibs; Oscar Odegaard, Chuck; Bonnie Flindt, Aunt Jane.

Between the presentation of the skits, Mrs. Libbey will lead the student body in the singing of the popular Christmas carols. The Freshmen class will act as clean-up committee following the program.

POACHER FINED $50

Last Tuesday Game Warden Earl Hiscox arrested a sniper, Natali Pelleni, at Grizzley Hill on the South Yuba river when he found him hunting without a license. He was brought before Judge W. L. Mobley in this city Wednesday morning and plead guilty and was fined $50.

SHERIFF ON TRAIL OF CAMPTONVILLE THIEVES

CAMPTONVILLE, Dec. 17.—Sheriff Chas. J. McCoy, of Marysville, accompanied by Deputy Phil Wilcoxin, were in this section Saturday afternoon, checking up on various cases of petty theft that have been recently reported. They investigated the recent stealing of windows and roof plate from the old Phillips ranch, now owned by John G. Ramm. Constable John Jaynes accompanied them. Some evidence has been obtained, and further investigations are being made.

SEARCH WARRANT FOR PISTOL UNAVAILING

CAMPTONVILLE, Dec. 17.—A search warrant was issued in the Camptonville justice court Monday upon application of A. J. Massa on the property of Andrew Andrews in search of a 38 S & W Special Police pistol which was recently stolen from the residence of Massa at this place. It was originally believed that this with other things was stolen by Ernest Kretchmar for whom a warrant has been issued. Andrews was in company with Kretchmar the night the house was supposed to be robbed, and hence the search of his property. Constable John Jaynes, with Deputy Sheriff Stanley McCormick of Downieville made a complete search but found no pistol of any kind.

MANY SCOUTS ENROLL FOR WINTER CAMP

With the last snow storm interest in Scout winter camp December 31, to January 4, has more than awakened. Already more registrations have been reported than attended last year. The prospect is good for our largest winter camp attendance.

Instructions in skiing will be stressed this year in the endeavor to produce better skiers. Adult leadership will be ample with scoutmasters, assistant scoutmasters and dads in addition to three scout executives. Fred Stephen will again act as cook assigned part time by Ben Ramsey and Ken Schultz. There is now three feet of snow on the ground.

FIFTY CCC BOYS DUE AT CAMPTONVILLE SOON

CAMPTONVILLE, Dec. 18.—The Forest Service has leased from the Meek Mercantile Company, the Mayo building for a period of seven months, and are improving it for the purpose of making a dormitory for fifty CCC boys from Pennsylvania, which company is expected to arrive in a few days.

The boys will spend the winter here and their work will be mostly erecting two telephone lines, one to Indian Valley and one to North Bloomfield, and other improvement that has long been planned by the local department.

Select Sturdy Toys

Well-built toys which will provide happy play throughout the year are better than those which make a brave showing on the Christmas tree but which are soon broken or discarded.

what Irvin S. Cobb thinks about:

Parole Boards at Large

OXNARD, CALIF.—Did it ever occur to you this might be a happier, or, anyhow, a safer land for the rest of us to live in if those in high places were just a bit fussier about the criminals they let out and the aliens they let in? Apparently almost any known radical from overseas can drop in without being registered or finger-printed or naturalized or anything, and make himself at home even to the extent of trying openly to undermine our government. Whereas, if all these violent foreign-born reds who lack citizenship papers were laid end to end, it would indeed be a lovely sight, especially if each one had a lily in his hand. As for the average chronic offender against the laws—well, on his way into the penitentiary, he's likely to meet himself coming out, with release papers in his pocket and hope in his heart. For him a sentence is just a pleasant week-end back among the boys at the old manse.

Irvin S. Cobb

Here today and gone tomorrow—that's the grand idea. Might I make so bold as to suggest there would be more habitual criminals staying in prison if we had fewer parole boards going at large?

* * *

Old-Fashioned Ideas

SECRETARY OF STATE HULL makes a statement on the heels of a similar statement by the British foreign secretary, and, if you dig down through the diplomatic spinach under which such utterances are always buried, you'll find that neither nation is deeply tickled over the plan of Japan to gobble up north China by what is called politely an "autonomy movement"—But if that wasn't its fashionable name it could pass anywhere for an armed invasion. Unless you're a statesman, you wouldn't be able to notice the difference.

For some days the impression has been getting around that the Chinese weren't so hot over the idea, either. Well, the rabbit that's about to be absorbed by the python rarely does show any real enthusiasm.

Here's the curious thing, though—apparently both our Mr. Hull and his English brother still labor under the whimsical belief that a treaty by a stronger nation guaranteeing the integrity of a weaker nation is meant to be kept. How quaintly old-fashioned.

* * *

Prison Petulance.

THAT on the same day three jailbreaks should occur at places as widely separated as Boston in Massachusetts, Nashville in Tennessee and Muskogee in Oklahoma is only to be accounted for as proof of a growing wave of dissatisfaction with prison life on the part of the boys.

How much better we manage in some states I might name where it would seem a boarder has merely to mention to the parole board that he's getting bored with the accommodations and craves to go and sin some more. "Well, so long warden," says the departing one. "Hold any mail that comes and try to keep my old room for me—the one with the southern exposure and the radio set. It's not good-by, just au revoir."

But no, those chaps who blasted their way out got so irritable they just couldn't wait. It all goes to show that petulance never pays in this world. Kindly be patient, fellows, and, sooner or later, the sentimentalist will perfect a plan to turn practically everybody loose immediately after conviction, thus curing the present unavoidable annoyance of a round trip to the hoosegow.

* * *

Joint Debates on Religion.

A CONTROVERSIAL gentleman, who thinks he read between the lines of one of these squibs a hidden meaning which I certainly never meant to put there, writes in, challenging me to a joint debate on socio-religious grounds, whatever they are. Much obliged, but the answer, briefly and in a word, is no.

So far as I've observed, the only person who ever wins a joint debate is the one who takes no part in it.

Furthermore, government statistics show that the sum total of results wherein a listener at a religious argument became converted on the spot from one side to the other consists of the case of a gentleman named Erasmus K. Doowhittle, residing near Wolf Tail, Indian territory, in the year 1889; and he switched right back again at the next change of the moon, being kind of feeble-minded to start with.

* * *

A Laugh on Berlin.

WOULDN'T it seem to sort of put the laugh on somebody if we sent a lot of Jewish athletes—and there are many splendid ones scattered around—to Berlin on our Olympic team, and our team mopped up?

Everybody in Hollywood turned out for a party to H. G. Wells. I think they thought he was a visiting producer.

Sure sign of returning prosperity—women have started in again, marrying the Mdivani boys.

MINER'S FOUNDRY TO SELL WHITE, INDIANA TRUCKS

The Miners Foundry and Supply Co., Dick Goyne, manager, have just been appointed distributors for four counties for White and Indiana trucks. The four counties, are Sierra, Nevada, Placer and El Dorado. The Foundry will have complete charge of the distribution in this territory.

The local firm feels that they can greatly extend their operations through this medium and that there exists a genuine need for an active truck distributor in this mining section. The White Motor company have been building quality merchandise for better than 35 years. The name White is undoubtedly the best known name among truck owners throughout the world. It is not a price truck. It is a quality truck first. It is believed that no compromise can be made with quality, when one has to consider the difficult tasks assigned to trucks. The White Motor company, due chiefly to its modern stream lining, has been able to increase sales enormously. The company is now able to furnish the most completely up-to-date truck at slightly more than the cost of any ordinary truck. In addition they are building the Indiana truck, which is said to be the equal in price and quality of any of the average trucks.

The many friends of the Miners Foundry wish them every success in this new undertaking.

HIGHWAY CREW CUTS CURVES ON MAE WEST ROAD

The regular San Juan highway crew from the state division camp at Nevada City's southern limits is doing the seasonal maintenance work on the Nevada City-Downieville route. The men are widening the road and working on a couple of bad turns just above the south Yuba river. This work is being done in line with their regular work.

Praise is given this group of men under supervision of Mr. Fred Garrison as they render invaluable service keeping the Tahoe-Ukiah and Downieville routes open during the severe winter months often working overtime even as much as 24 hours in blizzard weather removing slides, avalanches of snow and ice and clearing the roads of snow with the big snow plows.

WHITE CHRISTMAS TREE BRINGS JOY

Several hundred people turned out Wednesday afternoon to enjoy the splendid program by the grammar and high school pupils at the foot of the beautifully decorated Christmas tree in the Native Daughters park in this city. The grammar school children carried their gifts as they marched from the Washington grammar school and placed them in a large pile at the foot of the tree. The high school pupils brought their gifts in a small truck donated by Mr. Ed Baker. Under the direction of Mrs. Marian Libby, music director of the Nevada City schools, several of the ever popular beautiful Christmas carols were sung. A number of selections by the high school band directed by Mr. L. E. Sweeney, were also enjoyed. Mr. Ed. J. Baker sustained the part of old St. Nick well, much to the delight of young and old. He donated the use of his car to take the supplies to the Chamber of Commerce rooms and after the boxes were prepared delivered them to needy persons.

It was estimated to be the largest donation ever made since the first "White Christmas" several years ago. The long table in the Chamber of Commerce rooms was heaped with donations and many boxes on the floor were filled. There are fewer calls this year for relief than ever before.

The ladies on the committee, Mrs. George Gildersleeve, chairman; and Mrs. George Calanan request that a special vote of thanks be given every one who donated services and the many business firms who so generously gave donations and assisted in making the affair such a success.

Mr. and Mrs. Lee Gale and children, who went to Globe, Arizona, last fall are preparing to return to Nevada City after the holidays, which will be good news to their many friends here.
